## About Me

I am a driven and results-oriented Software Engineer, holding a degree from the University of Oviedo, where I graduated with an exceptional GPA and earned 13 'with honors' distinctions. I have consistently delivered high-quality solutions to complex challenges, earning recognition for my contributions and rapidly progressing in my professional development. My strong foundation in both academics and practical experience underscores my commitment to excellence and continuous growth.

## Language Proficiency

- English: B2 (Certified by 'Escuela Oficial de Idiomas')
- Spanish: Native

## Professional Career
